**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please don't allow anti-competitive legislation regarding internet to ruin what competition there is for broadband access. It's bad enough that there are so few options. Making it harder for small companies isn't helping anyone but the elephants who are not innovating fast enough. There's no reason to push people away from great providers like Sonic.
